

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2006 the distribution to cities and towns of the balance of the State Lottery Fund, as paid by the treasurer from the General Fund in accordance with the provisions of clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, shall be \$761,378,162 and shall be apportioned to the cities and towns in accordance with this section; provided, that the amount of any balance in the State Lottery Fund at the end of the fiscal year shall be transferred to the General Fund.

Notwithstanding any general or special law to the contrary, the total amounts to be distributed and paid to each city and town from item 0611-5500 of section 2 shall be as set forth in the following lists; provided further, that the amounts to be distributed from item 0611-5500 of said section 2 are hereby deemed to be in full satisfaction of the amounts due under section 37 of chapter 21 of the General Laws.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2006 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists; provided, that the specified amounts to be distributed from item 7061-0008 of said section 2 are hereby deemed to be in full satisfaction of the amounts due under the provisions of sections 3, 6 and 7 of chapter 70 of the General Laws. For fiscal year 2006, in the calculation of the foundation budget for each district, no school district shall have a wage adjustment factor less than one. Minimum required local contributions for fiscal year 2006 shall be calculated as for house bill 1A, as submitted by the governor in January of 2005, and shall equal preliminary local contribution in fiscal year 2005 increased or decreased by the municipal revenue growth factor. For the purposes of calculating municipal revenue growth factors, general revenue sharing aid for every city and town shall be calculated based on the amount of assistance from the Commonwealth budgeted in house bill 1A, as submitted by the governor in January of 2005. Minimum required local contributions shall be allocated among the regions to which a municipality belongs according to the methodology used to allocate said contributions in house bill 1A, as submitted by the governor in January of 2005. For fiscal year 2006, Chapter 70 aid shall be the difference between a district's foundation budget and the sum of that district's share of preliminary local contributions of member communities as determined by the department of education. Each operating district shall receive at least as much aid as the district received in chapter 70 aid in fiscal year 2005. No district shall receive chapter 70 aid in an amount greater than the district's foundation budget. If there is a conflict between the provisions of this section and the distribution listed below, the distribution below shall control.

No payments to cities, towns, or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year by the state treasurer until he receives certification from the commissioner of revenue of said commissioner's acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. The state treasurer shall make advance payments for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district, or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, pursuant to guidelines established by said secretary.
